

Indiana Injury Prevention Advisory Council/
Indiana Trauma Taskforce Injury Prevention Subcommittee
March 19, 2009
11 am - 2 pm

Present: Dawn Sullivan Wright, Donna Myers, Greg Reiss, Alice Blakely, Mary Raley, Nena Ray, Vicki Stuffle, Matt Howard, Wendy St. John, Kira Hudson, Susan Perkins, Dawn Daniels, Jodi Hackworth

Conference Call-in: Lisa Hollister, Joe O'Neil

Item	Discussion	Decision/Conclusion	Action Needed
11:00-11:10 Welcome and Brief Introductions	Dawn and Mary opened meeting by welcoming everyone to the ISDH in Indianapolis	Twelve members were in attendance and one member attended via conference call. Several others had declined due to other commitments.	Mary agreed to record minutes for today's meeting
11:10-11:15 Review of minutes	Review of minutes from January 15, 2009 meeting	Minutes reviewed and motion to accept by _____ Seconded by _____ Approved without changes.	
11:15-11:30 Workgroup Breakout Session	Communication Objective: To identify effective methods for "meetings" in large state	A list was developed of the communication possibilities for each of the participating hospitals. A contact person was identified as follows: <ol style="list-style-type: none"> 1. Clarian (David Boyer) Nena 2. St. Vincent (Lisa/Mary) 3. University (IU, IUPUI) Dawn Daniels 4. Emergency Preparedness (Loren Robertson) Donna 5. VHA (Dawn Sullivan) 6. VUJC (Vicki Stuffle) 7. North (South Bend) Alice Blakely 8. IHETS (Vicki Stuffle) 	Will report back on findings at the May 14 meeting

		<p>Each person was asked to research the feasibility at each site, with attention to the following:</p> <ol style="list-style-type: none"> 1. Cost 2. Compatibility 3. Method for viewing 4. Availability 5. Travel involved 6. Contact person 7. IS support 	
11:30-12:30 Workgroup Breakout Session	<p>Training Objective: To develop training curriculum for injury prevention specialists and pilot with injury prevention specialist at Level 1 and 2 Trauma centers</p>	<p>STIPDA Core competencies will be used as basis for training. Members of the ENA have information on the new IP program, (STOP) Strategic Thinking on Prevention of Injuries, which is a basic prevention leadership program, based on the core competencies. Johns Hopkins has a basic and advanced program, both very expensive (\$1275--\$2000), granting credit hours.</p> <p>Matt presented to group an overview of the World Health Organization (WHO) new program, TEACH-VIP, a comprehensive injury prevention and control curriculum which has been developed through the efforts of WHO and a network of global injury prevention experts. The course material is designed around a classroom instruction model, with PowerPoint slide presentations and supporting lecture notes which address a</p>	<p>The group agreed that all Trauma Centers in the state would participate with Jasper (Vicki) and Community Health Network (Dawn) as pilot for non-trauma centers.</p> <p>Dates for first training are tentatively set for Monday and Tuesday, September 28, 2009 10AM to 6PM and September 29, 2009 8AM to 4 PM. Second training will be Monday and Tuesday, October 12 and 13, 2009, Same times. Matt agreed to work on details of location, contact</p>

		<p>wide variety of topics relevant to injury prevention and control.</p> <p>WHO has now made this training material freely available for settings wishing to provide instruction in the area of injury prevention. The training materials and a variety of other capacity building resources are available in CD-ROM format and are supported by a 32-page users' manual. The actual training materials are structured around 60 lessons, each lesson taking approximately one hour of classroom time to teach.</p> <p>All agreed this is a very worthwhile program after reviewing as it meets our need for training in the core competencies at no cost.</p>	<p>hours, and certificate of completion Jodi and Dawn will work with Joe to locate instructors. (Will email Lisa Hollister). Wendy will evaluate the ENA-STOP program.</p> <p>Any training or meetings will need to avoid the ENA convention, October 7-10, 2009.</p>
12:30-1:00 Lunch	<i>Development (may be tentative until final report and political issues determined)</i>	Will place discussion on hold	None at this time
1:00-2:00 Workgroup Breakout Session	<p>Data/Surveillance</p> <p>Objective: Conduct gap analysis of all available injury databases</p> <p>Objective: Increase use of e-coding within Indiana Hospital Discharge Database</p> <p>Objective: To develop organizational structure for the future</p>	<p>Dawn presented to the group a very detailed flow chart of how the injury data (E-codes) flows into the hospital discharge database. Beginning in May, Jodi will be utilizing MPH students to collect injury and violence data. Jodi described how data is utilized at the ISDH. Dawn explained that e-coding strategies have brought about an increase use of e-codes (68% for 2007).</p>	<p>Dawn asked that Trauma Registrars look at ED documentation and investigate as to how data is entered, do coders use program, what are the ED-MD issues, how does info get to IHA?</p>

Meeting adjournment at 2:00pm	Next meeting: Thursday, May 14, 2009 10:00AM – 1:00 PM	10-12 workgroup 12-1 large group	Agenda and meeting reminder will be sent by Dawn and Mary
